

Lo-Fi Prototype:

The Student Placement Portal

A portal which is structured and helps the students to gain information on all the companies visiting the campus , their schedule ,their process etc so that the placements are done smoothly.

The storyboarding can be shown as follows:

- JAKE is worried abt his placements, bcoz too many companies are coming and there is no proper info given & he is tensed
- At same time his friend AMY comes to his help & asks him to install the "Student Placement Portal" by his college
- Jake feels thankful and bt relieved at same time since it is started & also has calendar reminding when the process is scheduled, upcoming companies & also & if it option available.

A **low-fidelity prototype** is a quick and easy tangible representation of a concept, or an information structure created for getting quick feedback and improving the product.

The prototype structure is as follows:

1.The Student first logs in

2.Enters USN & Password

A hand-drawn prototype of a login screen. At the top left is a logo consisting of a red sun-like shape with a green globe in the center. To the right of the logo, the text "PES UNIVERSITY" is written in blue. Below this, the text "THE STUDENT PLACEMENT PORTAL...." is written in blue. At the bottom center, there is a rectangular button labeled "LOGIN" in blue.

A hand-drawn prototype of a login form. At the top, the text "PES UNIVERSITY" is written in blue. Below this, the text "USN" is written in red, followed by a rectangular input field. Below the input field, the text "PASSWORD" is written in red, followed by another rectangular input field. At the bottom center, there is a rectangular button labeled "SUBMIT" in blue. At the bottom left and right corners, there are small black triangles pointing outwards.

3. Entering the USN and Password a student gets logged in and there is a display of varied options a student can use. The student can

- View the companies which are yet to come.
- The companies which have already offered.
- Total number of internship and FTE offers given

The detailed description of the companies can be seen like the address, ctc offered ,job description ,date of visit etc where the registration can be done.

Since a lot of companies will be visiting in the placement season the app also gives u a reminder of tests scheduled each day. The above image shows it.

Students might also have lot of queries in the whole process. There is also a faq section where students can post their query and and also contact information is given.

The image displays four hand-drawn wireframes for a mobile application, arranged in a 2x2 grid. Each wireframe represents a screen within the 'PES UNIVERSITY' app.

- Top Left Wireframe (Queries):** The header is 'PES UNIVERSITY'. Below it is a section titled 'QUERIES ▼'. Under this section, there are four menu items listed vertically: 'FAQ'S', 'SUPPORT', 'POST QUERY', and 'CONTACT'.
- Top Right Wireframe (FAQ's):** The header is 'PES UNIVERSITY'. Below it is a section titled 'FAQ'S :'. This section contains two numbered questions and their corresponding answers:
 - Question 1: '1. COMANIES FOR NON TECH BRANH?' (Note: 'COMANIES' and 'BRANH' are misspelled). Answer: 'A. YES WILL BE VISITING'.
 - Question 2: '2. HOW MANY MORE COMPANIES?'. Answer: 'A. 25 YET TO COME'.At the bottom of the list is a link labeled 'MORE'.
- Bottom Left Wireframe (Post Query):** The header is 'PES UNIVERSITY'. Below it is a section titled 'POST QUERY :'. Under this, there is a prompt 'TYPE YOUR QUERY' followed by a large rectangular text input field. Below the input field, there is a note '* IT IS SENT ANONYMOUS'. At the bottom of the screen is a button labeled 'SUBMIT'.
- Bottom Right Wireframe (Contact):** The header is 'PES UNIVERSITY'. Below it is a section titled 'CONTACT:'. This section is divided into two parts:
 - PLACENT DEAN:** (Note: 'PLACENT' is misspelled). Below this title is the name 'MR. SHRIDHAR' and a phone number '9845331125' preceded by a phone icon.
 - PLACEMENT OFFICE:** Below this title is an email address 'pesuplacements.edu' preceded by an envelope icon, and a phone number '7203186034' preceded by a phone icon.

The whole workflow can be shown as follows:
